

FILE WILLARD WILL IN PROBATE COURT

DECEASED LEAVES ESTATE
VALUED AT \$19,000.

Executors Are Anna Gordon and Lady Henry Somerset, Who Were Her Personal Friends—Nothing Is Said of Local Relatives—Simple Language in Document.

Miss Frances E. Willard's last will and testament, which was executed November 15, 1895, while at her home in Evanston, was filed in the probate court in Chicago late last evening. It is a simple document, written by Miss Willard on a single sheet of note paper, and is entirely free from legal verbiage.

Miss Anna Gordon and Lady Henry Somerset are the literary executors of Miss Willard, and also the executors of her estate by the direction of the instrument itself. Only Miss Gordon, however, applied for letters testamentary, owing to the residence of Lady Henry Somerset in England.

Most of the estate is left to Miss Anna Gordon, but Rest Cottage is left to Miss Gordon and Mary Bannister Willard during their lives, and will revert eventually for the benefit of the National Women's Christian Temperance union. The estate is estimated at \$17,000, of which \$16,000 is in real property. The hearing for admission to probate of the will is set for May 4, owing to the absence of some of the heirs in Europe, the statute requiring notice to them.

In the will nothing is said about local relatives.

Text of the Will

The will as written by Miss Willard reads as follows:

"Evanston, Ill., Nov. 15, 1895—This is my last will and testament, after fifty-six years of my Heavenly Father's discipline and blessing to prepare me for better work hereafter (as I believe) in wonderful worlds unknown.

"All of my personal property and the summer homes at Twilight Park, Oakhill Mountains, N. Y., Pacific Coast Chautauque, near Astoria, Ore., and near Bar Harbor, Me. (Willard's Acre), of all of which I have deeds, I bequeath to my beloved Anna Gordon, who is to have them all out and out forever.

"The Rest Cottage home at Evanston, Ill., (deed recorded in Chicago), I bequeath to my beloved sister, Mary Bannister Willard, and to Anna Gordon equally, to be used by them or dealt with as they deem best during their lifetime, and to be made available to either or both of my nieces, Katherine Willard Baldwin and Mary Willard, if they should have need thereof, but to revert, aside from the claimants herein named, to the National Women's Christian Temperance union for purpose of teaching boys and girls the evil effects of alcohol and tobacco upon the tissues of the body and temper of the soul, and to indoctrinate them in habits of personal purity in word and deed. (This disposition of the dear old home is in accordance with the understanding I had with my blessed mother, who allowed it by so much of her life and by her triumphant passage to heaven from within its peaceful walls.

Remembrances to Be Given.

"Remembrances of me are to be given by Anna Gordon to my dear relatives and comrades according to her knowledge of my wishes. My dear friend, Kate A. Jackson, is to choose whatever she would like as souvenirs of one who knew and loved her long and gratefully remembers her loving kindness in earlier days.

"To my beloved Isabel Somerset, who has everything that heart could wish, I have nothing to leave save as she may choose any souvenirs she likes and my undying gratitude towards one whom my mother loved from the first hour of her coming into our lives, even as I did, I make her and Anna Gordon my literary executors and the executors of this, my will and testament.

"In my personal property is as a matter of course included the birthday furl of \$3,000 given by sister white ribbons on my 50th birthday.

"FRANCES E. WILLARD."

"Witnesses: Susanna M. D. Fry, Ada M. Millville."

Lady Henry Somerset resides at Eastnor Castle, Ledbury England, while Kate A. Jackson is also in England. Robert A. Willard, a nephew, is at St. Andrews Bay, Florida, Katherine Willard Baldwin in New York City, and the remaining heirs, Joseph Frank Willard and Mary Bannister Willard, reside at 21 Nettebeck street, Berlin, Germany.

HOW TO SETTLE WITH SPAIN

Janesville Man Does Not Believe That War Is Necessary.

The Chicago Journal has been printing communications from citizens on the Cuban situation each day, among them being this one:

Not by the sword.

Janesville, Wis., Feb. 28.—To the Editor: Cuba should be free, but not at any cost. Not by the sword. Money can buy her freedom, but cannot buy back the lives of the husbands, fathers and sons who are sure to fall in the conflict. Yours truly,

JOSEPH GIBBONS.

DO NOT PAY THEIR DUES

Undertakers Seem to Take Little Pride in Their Association

Janesville undertakers are at present deeply interested in a little misunderstanding that has taken place in the ranks of the undertakers' association of Wisconsin. Since the undertakers' association of Wisconsin was organized, over 800 persons have joined the organization, but of that number there are only thirty-five in good standing in the association. At the annual meeting last fall a goodly number of undertakers were in attendance and a number of new members joined the association, but a large portion of those, it is stated by an official of the club, have failed to pay their yearly dues which with the admission fee, amounts to \$60. They will be dropped from the organization unless the amount of the charge is remitted. So far as known none of the Janesville undertakers who belong to the association come under the ban.

THEY WILL BE RE-CHRISTENED

Engines on the Northwestern To Get New Numbers.

Every one of the numerous engines on the Chicago & Northwestern road is to be re-numbered, and local engineers are wondering how the plan will work. The company will begin with the magnificent engines recently purchased, and number them from one up, leaving sufficient unused numbers for their class. The next best engines will be taken up and the next fifty or one hundred numbers be given, and so on, so that every one connected with the road, upon hearing the number of an engine, will know the exact size and capacity of the same. As it is now, the numbers extend from one to nine hundred, but no one knows, and a person has to have an absolute acquaintance with the locomotive to know whether it is a mogul or a miniatur. Under the new order of things the "scrap heaps" will bear the highest numbers and as they are replaced the numbers will disappear until the lower classes are filled.

LOST HIS HAND IN A MILL

Louis Sperry Badly Injured and Amputation Found Necessary

Louis Sperry, a thirteen year old boy, accidentally caught his right hand in the gearing of the grindstone at the Phoenix mill at 1:20 o'clock this afternoon, and before he could free himself the arm to the wrist was badly crushed. He was taken to his home in the Fourth ward, where Dr. J. W. St. John, assisted by Dr. J. B. Whiting, Jr., found amputation necessary near the wrist.

The unfortunate boy went to work at the mill last Monday.

IS PURSUED BY MISFORTUNE

Fred Williams Has Had Many Grievs of Late.

Fred Williams, of this city, is playing in all sorts of hard luck these days. Mr. Williams, who has of late resided at Rhinelander, was recently obliged to return home and nurse a badly cut hand, as the result of an exploding bottle.

Word now comes to local relatives that he is dangerously ill with rheumatism, and that one of his lower limbs has been drawn out of shape. It is expected that he will be brought home.

Fulton News.

Fulton, March 3.—Miss Nellie Pease passed Sunday with her friends, Miss Sarah Haines in Edgerton. Mr. and Mrs. George Murwin passed Monday in Janesville. Myron T. Green was a visitor in the village Tuesday and shook hands with old time friends. Mr. and Mrs. George Johnson were in Janesville Thursday. A large amount of tobacco was delivered from here the first of this week and this week and quite a few new sales made. Mrs. Ida Perrin, of Janesville, visited Mrs. Mary Murwin on Tuesday. Mrs. Ole Oberg is going to move in town soon. She will occupy rooms in the Herbie Jessup building. Miss Mable and Hattie Lane came home to pass Sunday, returning Monday to Janesville to resume their studies at the High School. The G. P. S. E. are planning for a concert in the near future. Messrs. Huyke and DeVoe, from Huyke's orchestra, of Evanston, are expected to be present with violin and harp. Others will participate. E. D. Bliss was in town Wednesday. Miss Whitmore spent Saturday and Sunday in Stebbinsville, the guest of Miss Minnie Wood. Captain Norcross and Mr. Warren of Janesville, were in town Friday in the Electric Light interest. The pupils of our school presented a very pleasing entertainment before a large audience Friday afternoon. The program had been prepared for February 22, but owing to the bad weather and roads had been postponed. All who took part did themselves credit and it would be an injustice to particularize. This community was shocked to hear this morning of the sudden death of Charles H. Bates, an old resident of Porter, near here. He went out to the barn and failing to return the family made a search and found him just outside the barn, dead. He leaves a wife, two children, one brother and a sister. The wife of James Murwin died Thursday morning at 9 o'clock. She leaves two daughters, two sons and a husband, besides many friends. She had been an invalid for years and a resident of Rock county about fifty years.

GREEK DRAMA AT BELOIT COLLEGE

STUDENTS PRODUCE A CLASSICAL PLAY

It Was Richly and Appropriately Costumed, and the Actors Were Well Up in Their Part—The Large Audience in Attendance Was Well Pleased.

Beloit, Wis., March 5.—[Special]—The college Sophomores assisted by the Freshmen, presented the Greek play "The Alcestis of Euripides" at Wilson's Opera House last night. There was a very large audience present and the play received great praise from everyone. Professor Joseph Emerson, or "Old Zeus," opened the performance with prayer, it being customary in Greek plays. Owing to the illness of Guy Hebbard, Charles Wood, class of '95, now of Chicago, noted for his work in this line, took the part of Alcestis, Queen of Phæra, and is worthy of much praise. The costumes this year were the best of any previous years, being very striking. Many people were present from Janesville, Rockford and Chicago. P. O. and Mrs. Emerson came from Evanston. It is pronounced a great success.

A SCARCITY OF SORTERS

Tobacco Packers Find Difficulty in Procuring Sufficient Help

Charles L. Oulton, the well known leaf tobacco packer at Edgerton, was in the city last evening and stated that they were unable to get enough help in the tobacco warehouses at Edgerton.

"I intend to start up another warehouse on Monday, but I can't see where I am going to get enough help," said Mr. Oulton last evening. "I want seventy-five hands just as soon as I can get them, and the quickly the better."

Those in this city who have been waiting for local houses to resume work will now be given all the work of sorting they wish at sixty cents a hundred in Edgerton, and the work will last well into the summer.

COULD NOT PARTICIPATE

High School Athletes Could Not Enter the Chicago Contests

Members of the Athletic association of the Janesville High school were obliged to decline an urgent invitation to participate in an interscholastic meet, embracing high schools, preparatory schools and colleges, in the states of Michigan, Illinois, Wisconsin and Minnesota, to be held at Tattersall's, Chicago, today. On account of the short time in which to get a team in shape without gymnasium facilities, the Athletic association was obliged to give up the idea.

Prof. D. D. Mayne says the boys were not in shape, and that they are now devoting their time to the coming interscholastic meet to be held soon.

TO EXTEND A HELPING HAND

Janesville Y. M. C. A. to Help Their Evanston Brethren

Secretary J. O. Kline, the Y. M. C. A. band, and several members of the local association will visit Evanston on March 25, 26 and 27. The coming event is a meeting of the second district convention, and delegates from nine different counties will be present to participate in the program.

Evanston has no Y. M. C. A. or even rooms, and the members of the Janesville association say if hard and earnest work means anything they will see to it that the Out Off city is soon fitted out with Y. M. C. A. quarters that she may feel proud of.

WELCOME THE JUBILEE GIFT

Presentation to the Sisters of Mercy That Did Not Come Amis.

A silver present that could not have been improved on was presented to the Sisters of Mercy at their silver jubilee celebration yesterday. It consisted of three hundred and nine silver dollars which were presented to the Sisters in the nature of a surprise by their many friends. The presentation speech was made by Hugh M. Joyce in a most fitting manner.

Those who had charge of raising the donation were Hugh M. Joyce, John W. Hogan, Dan Ryan, Isaac F. Connors, Dennis Hayes, Mrs. F. M. Marzluff, Mrs. McNe, Mrs. Hugh M. Joyce, Mrs. Charles Viney and Mrs. Dan Ryan.

MUST SETTLE THE BILL

Jefferson Man Must Pay For His Ice Melting Machines.

When K. H. Bennett of Jefferson, came to this city recently and ordered the manufacture of several steam thawing machines to be manufactured by Fred H. Davies, the inventor, he paid only a small amount down and neglected to settle in full. That was why Mr. Davies, by his attorney, M. P. Richardson, brought suit in the municipal court this morning. Judge Phelps allowed the full amount of the claim, or about \$35.

GREAT ENGINES GO NORTH

Two Mogul Locomotives for the Northern Pacific En Route

Two monstrous mogul engines consigned to the Northern Pacific road were in the local Northwestern yards yesterday, and attracted no end of attention. Local engineers pronounced them wonders in the mechanical line, so massive were they constructed at every point. The driving wheels were about five feet ten inches in height, while the engines themselves are known as ten wheelers.

Twenty-two similar machines are expected to pass through here from the east before long, they being consigned to the same road. The boom brought about by the Klondike rush has brought about the purchase of these machines.

GOOD TEMPLARS SURPRISED

Edgerton Members of the Order Came Here Unexpectedly

Twenty-three members of the Good Templar lodge drove to this city last evening from Edgerton, and perpetrated a genuine surprise on the local Good Templars, who were holding one of their regular sessions in their South Main street hall. Although completely taken by surprise the local lodge members lost no time in making the best of the situation. A musical and literary program followed and each and every number was well received. Light refreshments were in order, and the Edgerton delegation returned home at 11:30 o'clock a well-pleased lot.

MORE TELEPHONE EXTENSION

New Metallic Circuits to Be Constructed Immediately.

The Wisconsin Telephone company will soon send a gang of line men to this city and commence work on another metallic line they propose to run direct to Delavan. From there the line will be extended to Milwaukee via Lake Geneva and Racine, making a regular round-about circuit so as to take in the summer resorts.

Four barrels of insulators have already arrived, and the work will be rushed to completion so as to be ready for use with the opening of spring. About 800 miles of new line are to be built by the company this spring and summer through the state.

DECLARES FOR MR. COOPER

Milton Junction News Says He Is Entitled to Hearty Support.

The Milton Junction News endorses Congressman H. A. Cooper as follows: "Hon. H. A. Cooper in all probability will succeed himself as member of congress in this district. His integrity as a man and ability as a representative have been demonstrated to the satisfaction of his constituents, and the confidence he has enjoyed in the present congress would render his services especially valuable in the next. Contingencies may arise that will require the best efforts of our best men and we should take no chances in making a change under existing conditions in public affairs. The News confidently predicts the re-nomination of Mr. Cooper in the republican congressional convention and his endorsement at the polls."

TO OPEN A TRAINING STABLE

David Jeffris' Barn to Be Used During the Coming Season

Anthony Dixon, of the town of Rock, has made the purchase of the large training stables and land situated at the Milwaukee avenue, entrance to the fair grounds. The barn, which was the property of David Jeffris, is considered one of the finest of its kind in the city, and was for years used as training quarters by H. D. McKinney, of this city.

Mr. Dixon, who is considered one of the best of horse trainers in this section of the country, will use the barn for a training stable to be put into commission at once.

JANESVILLE LADY IN INTERIOR CHINA

MISS BOSWORTH WRITES OF
NOVEL EXPERIENCES.

New Year's Celebration Absorbs General Attention—The Inconveniences of Travel Overland—Schools Are Prospering in American Missionaries' Control.

Miss Sarah Bosworth, formerly of this city, writes a very interesting letter to Miss Bessie Gorham, formerly her pupil in Court Street Sunday school. Miss Bosworth writes from Foochow and says in part:

It is vacation now, on account of Chinese New Year, which comes this year on January 22. It is the greatest of the Chinese holidays. Every body gets his house cleaned up and his accounts settled and then for several days all business ceases and the time is spent in feasting, visiting and among the heathen gambling. We close our school about ten days before, so that all the boys will have time to get home before New Year. We have a month's holiday, and then the new year begins. We take in new students at this time instead of in the fall, as American colleges do. We have only two terms, the first from this time until the last of June; the second from the second Wednesday in September until this time.

I am spending a part of my vacation in the city of Hinghua, about seventy-five miles from Foochow. We have a number of missionaries living here. We, that is, one of the W. F. M. S. ladies and I, left Foochow last week Thursday evening. We traveled part of the night in a boat, anchoring about 3 a. m. At daylight we had breakfast and then left the boat and took sedan chairs. We traveled all day, stopping at night in a chapel. In the morning we found it raining, and it took a long time to get the coolies started. The roads were slippery and we had to travel very slowly, so dark reached us before we reached the city. But we pressed on and at last got in and were warmly welcomed. It had taken us forty-eight hours to travel a distance that we could have made in about two hours in America, and we did not have comfortable hotels to stop in or restaurants where we could buy a lunch but had to bring food and bedding in baskets carried by men. It is not easy to travel in China, you see, but a great many people have to do it and often have very uncomfortable places to stay.

Hinghua is a very pretty city. There are a great many trees and the houses are made with red brick with roofs of red tile which gives the city a pleasing look viewed from the city wall. The streets are wider and cleaner than most Chinese cities, though I presume you would call them only dirty alley ways. But they are so much nicer than many places I have seen that I call them wide clean streets. Tonight, as it is New Year's eve, there will be a great deal of noise, firecrackers, beating gongs and drums and much such a racket as the American small boy indulges in on July 4. Our Christians will have their watch night meeting in the Chinese church. We are all invited to eat supper in the girls' school tonight, for although it is vacation some of the girls have not gone home and the teachers have allowed them a little extra money with which to have a better supper than usual. We have some English friends coming to supper here, so we can only go to the girls' supper for a little while.

There are a number of English missionaries living here as well as our own church missionaries. They are building a fine hospital. Our people have a girl's and woman's school and a training school for young men who expect to become teachers.

I enjoyed your letter very much. I hope to go to America this year but it is not yet decided. If I do, I shall expect to see you and all the other Janesville friends, of course.

SPRING COSTUME WITH TUNIC OVER-SKIRT FROM HARPER'S BAZAR

Among the new fabrics shown by importers for spring are all-wool, softly falling materials, fine and light in weight, and appropriate to the clinging folds which are coming into fashion again. One of the novelties is Sicilienne, a silk and wool weave with a tiny silk cord crossing it, and resembling silk in softness and lustre. The trimmings for these dainty wools are rows of machine stitching, bias folds of the material stitched, bands of silk of a contrasting color, and frills or bands of black satin ribbon. There is also a revived fancy for milliners' folds in clusters of three or four.

An important Sicilienne gown of attractive simplicity in the new burnt-silver gray is made with a tunic over-dress. This tunic reaches exactly to the bottom of the under-skirt in front, in accordance with the present tendency towards long slender effects, which slopes gradually upward towards the back, where it forms an open box-pleat, falling on either side of the folds of a circular underskirt. The latter is a new three-gored model measuring three and three-quarter yards at the root. The old fashion of using two materials, one for the under-dress and one for the over-skirt, is coming into vogue again in Paris, as, for instance, cloth over silk, and nuns veiling, grenadines, and other transparent tissues with a skirt of novelty silk beneath. Such models afford a

means of freshening up old gowns.

A circular bertha with graduated box-pleats in front is open from the neck to the bust, where it fastens invisibly, so that it may be removed when one prefers the bodice without it. The latter is drawn in pleats to a slight point in front, which passes under a girdle of satin, made with open bands in the back. The back of the bodice is cut round. The bertha is made with no stiffening except the satin lining, and fits around the shoulders with scarcely any ripples; like all the new models, the tops of these perfectly tight sleeves have no fullness. They are finished at the wrist by a double turn-down cuff, with tiny revers on each side. The tunic and bertha are bordered with bands of panne, than which no satin is more lustrous and velvet. The proper cut of the gown can be obtained from the cut paper patterns furnished by Harper's Bazar, where it appears. Approximate quantity of material—wool, forty-two inches wide, for entire costume, eight yards; silk or satin lining for entire costume, sixteen yards; satin trimming, bias three yards.

The hat of "chignon" straw, in a round form, is one of the new spring models which are designed to be set squarely on the top of the head. The trimmings are an airy scarf in coral and gray, forming great bows, and a bunch of velvet spring flowers.

COMMENDS HIS ROAD PLAN

National Brick Makers Association Recommends O. L. DeForest's Invention.

O. L. DeForest's road building plan will probably be tested by the government. At the annual convention of the National Brick Makers' association, held at Pittsburgh on February 15, 16 and 17 the following resolution was passed:

Whereas, Mr. O. L. DeForest, of Janesville, Wis., has brought to the notice of the National Brick Makers' association his invention of a wheel track for country roads, utilizing burned clay as the material there, and

Whereas, This association is desirous that a practical test of said plan, and a report thereon be made by the agricultural department at Washington, in order that the people may be better acquainted with the merits of the wheel track plan of road building and the use for that purpose of vitrified clay, therefore,

Be it resolved by the said association assembled in its annual convention at Pittsburgh, Pa., that the honorable secretary of agriculture be, and is hereby earnestly requested to make a practical test of Mr. DeForest's plan for the improvement of country roads, and publish the results of such test. And be it

Further resolved, that our secretary be, and he is hereby directed to forward a copy hereof to the honorable secretary of agriculture.

The resolution was printed in "Brick" and other trade journals, and the idea is meeting with much favor.

TAKES OFFICIAL HONORS

New President of the Chicago Cycle Board of Trade.

Milton J. Budlong, who has made several trips to this city as salesman for an eastern bicycle firm, and who is known to the majority of local cyclists, has just been elected president of the Chicago cycle board of trade. Since being in the bicycle business Mr. Budlong has gradually found his way to the top till today he is considered one of the best posted men in the business. Janesville friends will extend congratulations.

USED HER STRONG RIGHT ARM

Pretty Sourette Resented a Slur Upon Her Professional Methods.

Janesville play-goers who witnessed the production of "A Boy Wanted" company at the Opera house a few months ago, will remember the leading sourette, Miss Nellie O'Neil. It seems that at Bridgeport, Conn. where the company was playing the other evening, the sourette was given the "marble heart" by the other members of the company. As a result she demonstrated that she had a good right hand and knew how to use it. It seems that after the first act of the play, Miss O'Neil was ignored by the rest of the company when the curtain fell. She could not understand it, and inquired the reason for the coldness. She was informed by the leading man, Claude Gillingwater, that she was playing to the grand stand and paying no attention to her part. She denied the accusation, and hot words followed. According to Miss O'Neil, Gillingwater addressed an insulting remark to her. She struck out from the shoulder, landing a blow squarely between his eyes. Miss O'Neil refused to go on again. The manager tried to persuade her, but she resolutely refused, saying she would never appear again on the same stage with Gillingwater.

THEY COME TO HEAR THE PLAY

Edgerton People Fond of the Theatre Come to Janesville.

Edgerton is doing its share of late towards patronizing first class amusement attractions in this city. During the past few attractions at the opera house not a few of the citizens of our northern suburb have been noticed in the audience, and it is always an assured fact that they buy nothing but the best of seats. Edgerton amusement lovers used to go to Madison, but now, as the trains don't run to suit them, they find it much better to make the trip overland to this city.

Among those who drove down last evening to witness the presentation of "Shore Acres" were Messrs. and Mesdames C. L. Coulton, L. C. Whittet, L. Dickenson, and Misses Angie Towne and Jennie Kelley.

Matting for Floor Coverings.

If only all housekeepers knew the value and comfort of matting, how much worry and work would be saved, how many dull houses would look cheery! If you own your home and have hardwood floors thank kindly destiny and dismissthe subject. But if you live in a rented house, or cannot afford hard floors, if for any reason you are considering the subject of floor-coverings, pause long before passing over the advantages of matting. It is clean, fresh and easily cared for. It is a perfect floor-covering in summer and an excellent background for rugs in winter—from the cheapest to the richest—adding to the cheerfulness of a room, yielding all accumulated dust to light brushing, possessing indeed almost every advantage that a floor-covering can have, with no disadvantages. In making a move or refitting a house, every yard of it can be utilized. It is easily renovated (by soap and salt water), and can be matched or pieced, using the whole parts in two rooms to make one good complete room. Lastly, it is cheap, its growing popularity having so encouraged its manufacture or importation that it is to be had almost everywhere in great variety at moderate cost. To sum up its merits, matting gives a house a fresh, clean feeling, a sense of cheerfulness that no other floor covering gives. Its soft, new colorings make it available in the most carefully studied color schemes; it is pleasant to walk upon, is a practical protest against dust and microbes, is, in fact, both wholesome and satisfactory.—Home Companion.

NEWS FROM THE MORNING PAPERS

New York, March 5.—R. G. Duff & Co.'s Weekly Review of Trade says:

"Stories of the most reckless sort, disproved promptly, and many of them before they are told, affected speculation in stocks much last week, and at times this week, but they have not disturbed the industries and the trade of the country at all. There is confidence that the authorities are doing what is proper to provide for public defense, and business is moving on with the assurance that it will not be seriously disturbed.

"In grain, cotton, meat products and petroleum the markets have been strong, with gradual increases in the demand for manufactured products.

"Failures in February have been smaller than in any other month except three of the previous five months, with remarkable decrease in the failures for \$100,000 and over, though in number and amount the smaller failures show less change than might have been expected, indicating that in good times or bad a large proportion is due to causes apart from the general condition of business. The best evidence of general improvement in business is the fact that payments through clearing-houses for the past week have been 28 per cent. larger than in 1892, and outside New York, with its speculative interests, 17.6 per cent. Compared with last year the gain has been 56.2 per cent. for the week and 49.8 per cent. for February.

"The production of pig iron is the greatest ever known, some furnaces having started in the past month. The strike in cotton mills does not spread, but helps to a slightly better demand for some goods, while in woollens the business is slow in some of the finer qualities, which have been much advanced in price, and in these and other grades as well cancellations have also exceeded re-orders, indicating less distributing than was expected at the advanced prices.

"Wheat has grown stronger, exports continuing at a rate which threatens exhaustion of supply, if trade reports of farmers' stocks are correct. From Atlantic ports, 2,426,420 bushels went out, flour included, against 1,368,416 last year, and from Pacific ports 864,993, against 479,959 bushels last year. The price has risen 1 cent, but it is possible that the estimates of last year's stocks, though 50,000,000 bushels in excess of the government estimates, may prove too small. Corn has declined only one-quarter of a cent, with exports of 4,748,843 bushels, against 5,221,785 last year.

"Failures for the week have been 251 in the United States, against 246 last year, and thirty-two in Canada, against fifty-nine last year."

MINERS ARE ORGANIZED.

An Eight-Hour Day and an Advance in Wages Are Favored.

Oskaloosa, Iowa, March 5.—The Iowa miners adjourned Friday afternoon. State organization was effected and officers chosen. Three things were accomplished in the convention:

First, a conclusion to demand a raise of 10 cents throughout the state; secondly, a demand for an eight-hour system, and, third, an effort to induce the negro miners to join the miners.

It is generally believed that the outcome of the convention will be the preparation of another general strike, which may be looked for before June 1.

"I can say one thing for Chamberlain's Colic, Cholera and Diarrhoea Remedy; and that is that it excels any proprietary medicine I have seen on the market, and I have been in the practice of medicine and the drug business for the past forty years," writes J. M. Jackson, M. D., Bronson, Fla. Physicians like Chamberlain's Colic, Cholera and Diarrhoea Remedy because it is a scientific preparation, and because it always gives quick relief. Get a bottle at People's drugstore, E. Milwaukee street.

Will Mark Campaign Issues.

Lansing, Mich., March 5.—The special session of the legislature, which will undoubtedly be called in a few days, will deal entirely with railroad legislation and create the issues upon which the campaign in Michigan will be fought this year. The Pingree program includes the passage of a bill repealing the special charter of the Michigan Central Railroad Company.

For some time I have suffered with rheumatism and tried every imaginable remedy, without effect. Mr. F. G. S. Wells advised me to try Chamberlain's Pain Balm, telling me that it had cured many cases of long standing like mine. I have used four bottles and feel that one more bottle will make my cure complete.—A. P. KONTZ, Claremore, Ark. Sold by Peoples' Drug Co., E. Milwaukee street.

Brace Up.

You are suffering. You do not know what is the matter with you. You are all run down, nervous, weak and broken in health. Dr. Greene, 148 State St., Chicago, Ill., the eminent and distinguished specialist, whose marvelous cures have astonished the world, has in his investigations discovered medicines that are simply infallible in all cases of blood and nerve affliction and what are called chronic diseases. You can consult Dr. Greene personally or by letter, free. Write to him and he will explain your case so plainly that you will understand exactly what ails you, and he will cure you if you wish.

BUILDING AND LOAN AFFAIRS.

President Bookwalter of the Indiana League Is Hopeful.

Indianapolis, Ind., March 5.—About one-half of the 160 building and loan associations in the Indiana League of Savings and Loan Associations were represented at the annual meeting of the league Friday. It represents a capitalization of \$39,952,000 and assets of more than \$13,000,000. In the course of his address President Bookwalter said:

"It is not to be expected that associations will be able in the future to earn as high rates of dividends as in the past, but with the decreased cost of management guaranteed by the new law, with the prohibition of withdrawal fees and other concealed charges, it will be but a short time until the investor as well as the borrower will come to understand that a 6 or 8 per cent dividend on the basis of the new law, where stockholders receive credit for the full amount of the payments, is of far more benefit to such borrower or stockholder than 10 or 12 per cent dividend on the old expense-fund plan."

The following officers were elected: President, C. A. Bookwalter, Indianapolis; vice-presidents, T. B. Orr, Anderson; E. G. Henry, New Albany; secretary, A. L. Guthrie, Winchester; treasurer, A. A. Young, Indianapolis.

IOWA SENATORS BITTER.

Stinging Remarks Made in Discussing Board of Control Bill.

Des Moines, Iowa, March 5.—There were recriminations and recriminations in the senate Friday in discussing the board of control bill, and dignified senators vied with each other in making stinging remarks and sarcastic personal allusions. The question was on the Blanchard amendment to strike out the confirmation committee. Senator Pusey made a speech which it is believed cemented the friendship of the measure and insures the defeat of the amendment.

The house passed the Junkin building and loan bill, to legalize all building and loan loans, by a vote of 69 to 22; defeated the Lambert bill to abolish the office of state printer and binder by a vote of 53 to 35, and passed a bill requiring peddlers to pay licenses by a vote of 86 to 6.

From all over the country, come words of praise for Chamberlain's Cough Remedy. Here is a sample letter from Mrs. O. Shep, of Little Rock, Ark.: "I was suffering from a very severe cold, when I read of the cures that had been effected by Chamberlain's Cough Remedy. I concluded to give it a trial and accordingly procured a bottle. It gave me prompt relief and I have the best reason for recommending it very highly, which I do with pleasure." Want None of Prince George.

London, March 5.—The Constantinople correspondent of the Standard says that Admiral Skrydloff, who is on his way to Crete to take command of the Russian squadron, was not received by the sultan while here. It was reported at the palace that he is under instructions from the czar to embark Prince George of Greece and to land him in Crete. Djavad Pasha, the Turkish military commander in Crete, has been ordered to oppose such an attempt with every means in his power.

Trouble for Insurance Men.

Columbus, Ohio, March 5.—The Supreme court handed down a syllabus Friday which ousts from this state the National Life association of Hartford and the Home Life of Detroit, and incidentally affects about forty similar companies doing business in Ohio. These companies brought suit in mandamus against the insurance commissioner to compel him to issue licenses, but the court sustains the commissioner.

Cashier Cunning Confesses.

Cincinnati, Ohio, March 5.—Sherwood C. Cunningham, receiving teller of the First National Bank, was arrested and locked up on the charge of embezzling \$23,000 of the bank's funds. Cunningham broke down and confessed. He acknowledged having for some time past at brief intervals converted the money to his own use, hiding the fact as best he could by the manipulation of the books of his department.

Singerly Estate Is Small.

Philadelphia, Pa., March 5.—Letters of administration on the estate of the late William M. Singerly were granted by the register of wills to James S. McCartney, the son-in-law of the deceased. Mr. Singerly died intestate. The estate, according to the petition filed by the administrator, is valued at \$25,000, and consists entirely of personal effects.

McCoy Wins in Two Rounds.

Hot Springs, Ark., March 5.—Charles ("Kid") McCoy, champion middle-weight pugilist of the world, met and defeated Nick Burley of California in the arena at Whittington park Friday. The Californian was knocked out in the second round.

Liberal Majority Is Large.

London, March 5.—The result of the election for members of the London county council is that the progressives (Liberal) have secured sixty-eight seats and the moderates (Unionists) forty-eight.

LINS' CASE STILL UNDECIDED.

Attorneys at Joliet Discuss Charges of Alleged Bribery.

Joliet, Ill., March 5.—The fate of "Doc" Lins hangs in the balance of justice and the official weighmaster, Judge Hilscher, is to determine today whether or not he shall issue an attachment against the Wilmington brewer for contempt of court. Lins' lawyers are confident of acquittal. The feeling against the sanitary district of Chicago, its lawyers, detectives and other employees and every sympathizer of their cause, has become intensified since the contempt of court charges were aired.

P. C. Haley, attorney for the district, said that Judge Hilscher had intimated to him before the arguments were concluded that his mind was made up regarding the guilt of Lins. No matter which way the decision goes, Mr. Haley will immediately afterward move to withdraw a juror. The law requires that the record shall give the name of the juror, and John Beland will be named. The evidence against the retention of this juror is believed to be strong enough to convince the court that it would be improper to proceed with the trial. If the court does not rule adverse to the Chicago interests an application will probably be made to move to the courthouse of Iroquois or Kankakee county, which is in the judicial circuit of Will county, and have a new trial with a jury chosen outside that county.

Dwight, Ill., Bank Failure.

Dwight, Ill., March 5.—The failure of Metzger & Co. of Dwight is by far greater than was at first thought. The firm, aside from doing an extensive banking business in Dwight, owned elevators at Dwight, Nevada, Campus and Blackstone. The heaviest losers will be the farmers who had sold their grain to the firm and had deposited the money in the bank.

Big Tug Underwriter Lost.

New Orleans, La., March 5.—A special train from Norfolk, Va., reports the loss of the powerful tug Underwriter of Boston in a storm off Hatteras.

The tug left Norfolk Thursday with the derrick Chief in tow for Havana, where the vessels were to help in raising the Maine. The Underwriter, with her tow, is believed to have had on a crew of at least thirty men.

Itching Piles

Anyone who suffers from that terrible plague, itching piles, or from eczema, will appreciate the immediate relief and permanent cure that comes through the use of Doan's ointment. It never fails. Free samples at People's drug store March 9.

Sycamore, Ill., March 5.—The Illinois synod of Swedish Lutherans, which includes Michigan, Indiana and Wisconsin, is holding its annual convention here. One hundred and sixty delegates are present. The Rev. M. Erickman of Sycamore was elected president and the Rev. S. Stark, DeKalb, vice-president. The convention will hold three sessions daily until March 9.

DON'T NEGLECT

A COMMON CASE OF PILES?

It May Lead to Serious Results.

When people generally understand that all such fatal diseases as fistula, ulcer of the rectum, fissure, etc., almost invariably begin in a simple case of piles, they will learn the wisdom of taking prompt treatment for the first appearance of trouble in this quarter. The Pyramid Pile Cure will certainly cure every form of piles, itching, bleeding, protruding or blind piles, and hundreds of lives have been saved by using this cheap but effective remedy right at the start, because at such a time a single package will effect a cure, while in the chronic, deep seated cases, several packages are sometimes necessary before a lasting cure is effected.

Physicians are using the Pyramid Pile Cure in preference to surgical operations and with uniform success. The remedy is prepared by the Pyramid Drug Co., of Marshall, Mich., and for sale by druggists everywhere.

This firm receive hundreds of testimonials from cured patients and publish a fresh list every week. This week we take pleasure in presenting the following: From Mr. M. A. Wilson, Peabody, Kansas: "Your Pyramid Pile Cure received and I have received more benefit from two applications than from all other medicines I have ever tried. I have been troubled with piles for 30 years. They would come down every day and have to be worked back, but have not been down since the first application of the Pyramid. I am a convert to the merits of the Pyramid Pile Cure."

From C. D. Edgerton, Atty. at law, Northfield, Vermont: "Send me two packages of your Pyramid Pile Cure. My father, who has had piles for 40 years, says your remedy is the best he has found and he has tried everything. From W. H. Goodman, Greenville, Texas. Gentlemen: I have had wonderful relief from the Pyramid Pile Cure. I would not be without it. From Ira Shockey, Long, W. Va. The Pyramid Pile Cure has cured me. I have been waiting to see the result before writing and I can honestly say I am well of the piles and feel under many obligations to you."

Fresh letters will appear from all parts of the United States, all testifying to the wonderful effects which invariably result where this splendid remedy is used. It is the cheapest, safest and most effective pile remedy ever placed before the people and if you are subject to piles in any form this remedy will remove them.

It is on sale at all drug stores at 50 cts. Each package also contains a treatise on the cause and cure of piles, which will interest and benefit anyone so afflicted.

March April May

Are the best months in which to purify, vitalize and enrich your blood.

Because this is the most important season of the whole year from the standpoint of health.

During winter the blood becomes impure from various well-known causes.

In spring, when all the organs demand more vitality from the blood, it is less able to respond.

The result is That Tired Feeling, sluggish Liver, Nervous Weakness, Debilitated Kidneys, Loss of Appetite, Spring Humors, Pimples, or other more serious illness.

Hood's Sarsaparilla acting through the blood cures all these troubles and puts the whole body in perfect health. It is the favorite Spring Medicine in thousands of families. A fair trial will convince you of its absolute merit. Be sure to get Hood's.

Satisfied with Hood's.

"For several years I have taken two or three bottles of Hood's Sarsaparilla every spring for eradicating the humors in the blood and for building up the system generally. My experience with Hood's Sarsaparilla has been very satisfactory." Geo. Frank, care of D. M. Ferry & Co., Detroit, Mich.

Great Blood Purifier.

"Hood's Sarsaparilla is our family physician and I believe it needs no recommendation. Wherever it has once been used there can be no substitute for it, as a blood purifier." Mrs. C. A. Elliott, Grinnell, Iowa.

Builds Up the System.

"I have taken Hood's Sarsaparilla for weakness with which I was a sufferer in the spring, and I have found it the best medicine to create an appetite and build up the strength that I have ever taken, and I recommend it highly." J. F. Ward, Labelle, Ohio.

Keeps the Stomach in Order.

"I keep Hood's Sarsaparilla in the house all the time and regard it as the best spring medicine I can find. It has proved beneficial in keeping my stomach in order, and since I began taking it I can eat anything I wish." E. Brown, Sherborn, Mass.

Hood's Sarsaparilla

Sold by all druggists. Price \$1, six for \$5. Prepared only by C. I. Hood & Co., Lowell, Mass. The Best Spring Medicine.

THIS DAY IN HISTORY

406--Odoacer, chief of the Heruli, who deposed the last Roman emperor and became "king of Italy," died.
1584--Antonio Allegri Correggio, Italian painter, died; born 1494.
1588--Henri I, prince of Conde, Huguenot leader, died; born 1552.
1770--Boston massacre; citizens killed by British soldiers. The Boston massacre had great influence in arousing popular feeling against English oppression. The immediate cause was resistance to the importation of articles subject to royal tax.
1832--Isaac Israel Hayes, arctic explorer, born in Chester county, Pa.; died 1881.
1839--Mary Louise Booth, American author and editor, died in New York; born 1831.
1868--Hippolyte Adolphe Taine, French historian and critic, died in Paris; born 1813.
1895--Colonel David Ramsey Clendenin, a veteran of the Union army, distinguished in cavalry warfare, died at Galesburg, Ill.; born 1830.
1896--Governor Frederick T. Greenhalge of Massachusetts died at Lowell; born 1842.

HOW TO GET A GOOD COUNCIL

Milwaukee people have been discussing ways and means to better the common council and J. A. Watrous, the veteran editor of The Milwaukee Telegraph, sends The Evening Wisconsin the following sensible communication:

"If the people of Milwaukee really want a common council that will be an honor to the city, legislate for it justly, ably, unselfishly--disburse its millions properly--a common council that will mete out exact justice to all, hamper no interest, wrong no faction of the city, no class, no enterprise, no individual, they will say, so in the election booths at tomorrow's caucus, which lasts from noon until 8 p. m. If they do not want such a common council they will do as a large majority of them have done for years--remain away from the council and devote the better part of two years to abuse of an undesirable council--an undesirable council for which they alone are responsible.

"If the republicans of Milwaukee want such a council as I have pictured not less than 20,000 of them will take the time to visit the election booths tomorrow and place in nomination men for aldermen who would give us such a council and then show the same interest in their election that they had in their nomination. That is what will give Milwaukee such a council. Nothing else will." J. A. Watrous.

GREAT BUSINESS REVIVAL.

Figures do not lie. That business has revived since the republican administration took hold, cannot be denied. No better indication of general prosperity can be had than the fact that the business failures in the United States in the last week of February were only 183 in number, which is less than has occurred in the corresponding week since the beginning of the Cleveland administration. The number of failures in the last week in February from 1893 to 1898 averaged 259, the highest number being in 1894, when the figure was 50 per cent. greater than that of the corresponding week of the present year.

As President McKinley said, "Honest money and a chance to earn it by honest toil" is all the American people ask. The gold standard insures honest money, and a just tariff law insures the chance to earn it.

TO PREVENT DAMAGE SUITS.

The Superior Evening Telegram suggests the following plan to prevent sidewalk damage suits:

"Janesville's sidewalks must be in even worse repair than those of Superior are occasionally alleged to be by plaintiffs in damage suits for broken bones or injured tissues or feelings. At the present time suits aggregating \$35,000 are pending against Janesville, and a few in which the city was mulcted in days gone by give the complainants reassuring precedent. One energetic man with a bicycle, a few nails and a hammer could keep the sidewalks of any moderate sized city in repair, and the employment of such a guardian against litigation would seem an attractive economy for the southern city."

John B. Good, mayor of Springfield, Ohio, was recently ousted from his office on the ground that he spent more money to secure his election than was allowed by law. While his name would not indicate that Mayor Good had been very bad, yet, it seems, he might have been better--otherwise no court decree would be necessary to the end that John be good, or better, rather, in the future.

The Chicago Polish Gazette, printed in the Polish language, begins its story of the wrecking of the Maine as follows: "Podczas gdy Komisia Sledcza, czyli Sad Badawczy, jest zatrudniony badaniem swiadkow, zplaywanem spozstrzeszen i odkrywa nurkow, rzad czyni pospiezalne przygotowania do wojny." This being the case perhaps the Chicago Tribune was justified in declaring war after all.

The war between the Chicago Inter Ocean and the four other Chicago papers is still being waged and if one is to judge by the ammunition used, the belief that the commanding generals got their early training in debate while driving street cars on South Clark street is fully justified.

Wine is wine, it seems, and should not be looked upon when it is red. A man who robbed a church at Amsterdam, N. Y., got so drunk on the altar wine that he fell asleep in a pew, and

the police had him in jail before he came to his senses.

Although the date for the first clash of the gold and silver democrats at Milwaukee has not yet been set, the dealers in building material have taken time by the forelock and raised the price of brick \$1.25 a thousand.

E. C. Brice, of Chicago, has given out his receipt for making gold. There is another Brice, however, who has, according to popular report, a good receipt that has not yet been made public.

People who insist that the whiskers indicate the man should take notice of the fact that President Dole has given his check for \$500, for the benefit of the Maine relief fund.

According to a headline in a Milwaukee paper, "John Smith Has Been Discovered." Where is Christopher Columbus' glory now?

What has become of the instruments the city bought for the purpose of testing the candle power of the street lights?

The lieutenant generalcy should be revived for General Merritt rather than for General Miles.

The Loud bill now lies in the silent tomb.

And why were they bought?

THE STORY WHEN SET TO MUSIC.

Mayor's Solo--"Three Black Crows."

They say he ran a very rough house.

Oh Billie Magee, Magaw!

His lady friends didn't fear a mouse.

Oh Billie Magee Magaw!

Said Hogan then to Applebee.

"We'll kick in the door and see what we'll see."

I fear people will look on and laugh.

Haw! Haw! Haw!

Police Chief's Solo--"Baby Mine."

We would have shut McLellan's place up

In due time, in due time;

We would have broken his glass beer cup

In due time, in due time.

That is, if Wheeler had let go.

And not bothered us all so.

Oh, yes, we would have shut McLellan's place up

In due time, in due time.

McLellan's Solo--"The Gallant General."

There was a gallant mayor

Who had ten council men,

He marched them up the hill,

And he marched them down again.

And when they were up they were up.

And when they were down they were down.

But when they were half way up the hill,

They were neither up nor down.

Wheeler's Solo--"Sweet Bye and Bye"

There's a hole in the action of the council,

There's a hole in the action of the council,

There's a hole in the action of the council,

There's a hole in the action of the council,

There's a hole in the action of the council,

There's a hole in the action of the council,

There's a hole in the action of the council.

Grand Ensemble--"Sweet Bye and Bye"

There's a law by which saloons can be shut,

But by thunder it must be done right,

Or Will Wheeler will rise up and buck,

And McLellan won't put out his light.

Chorus--all "Jine in"

In the sweet bye and bye--on the sixth of July,

McLellan will put up the blinds,

In the sweet bye and bye--on the sixth of July,

McLellan will put up the blinds.

CORPSE OF INFANT FILLED PAPER BOX

THE GASTLY FIND WAS MADE
THIS MORNING.

The Work of Cruel Parties Was Made Plain This Morning by the Discovery of the Corpse of a Baby—Intention Was To Sink the Body From View.

William Allen, of 255 North Main street, while on his way down town at about 11 o'clock this morning discovered a small paper box floating in the river about twenty-five feet south of the upper dam, and directly in the rear of the wheel house of the Janesville Cotton Company on the race way. Curious to know its contents Mr. Allen procured a long stick and soon had the floating box within reach. On removing the cover he was horrified to find that it contained the body of a well developed infant.

A Ghastly Spectacle
Not wishing to remove the remains himself, the frightened discoverer lost no time in making his way to the Richardson shoe factory, where he spoke of his find to several young men, who were soon on the scene. Emmett Healy, one of the number, then carefully fished out the box, which, it was found, was wound with a cord at the end of which was a heavy stone. Whoever placed the remains of the child in the box intended to sink them to the bottom of the river, but in this they missed their purpose, for the rope was too long, and after allowing the stone to touch bottom was still slack enough to admit the floating of the box on the surface.

Was Born Dead.

The remains were then taken to the West Side fire station, and Chief Hogan and Dr. J. B. Whiting, Jr., were called. On close examination it was found that the child had never seen the light of day in this world, and that there was no question about its being born dead. The little body was tenderly wrapped in a white cloth and then placed in a newspaper of the date of February 25, 1898. District Attorney W. A. Jackson was notified of its discovery, but it is said no effort will be made to locate the culpable parties. Chief Hogan, in speaking of the case stated that he thought no further move in the matter would be made other than the burial of the remains. "Since I have been in the police service in this city I believe we have had about four similar cases to the discovery made to day," said Chief Hogan, "so you can see that such a find is nothing strange for this city."

SETTLED THEIR GRIEVANCES

East Troy Election Contest Brought to a Close

An interesting lawsuit, in which M. G. Jeffris, of this city, appeared for the plaintiff, has just been finished at Elkhorn before Judge Fish.

The case was that of Oanright vs. Fraser. It grew out of the election in East Troy last spring, Oanright and Fraser being contestants for the office of chairman. The result as announced by the inspectors was 207 votes for Fraser and 206 votes for Oanright. To this announcement the friends of Oanright objected and demanded a recount, but it may be due to the bitter feeling engendered it was not granted. The box was sealed with paper, and on this paper were written the names of the inspectors and the clerk, so that it could not be tampered with. Then it was taken away from the voting place and was not seen again by the clerk, the ordinary custodian of ballot boxes, until brought into court.

After the trial had continued a day and a half, and a number of witnesses had been sworn, the case was brought to a close by a private settlement of the same.

MARY KIMBALL MISSION

The Good Work of the City Missionary Still Progressing

Meetings at the Mary Kimball Mission are growing in interest. Whole families are starting out at once in the service of the Lord. The setting Thursday evening, was one of special interest. Fifteen persons raised their hands for prayer, thereby evidencing a desire for a better life. During the service Rev. Mary Kimball heard unusual sounds proceeding from the dining room. At the close of the service the door was thrown open and a table laden with delicious viands was placed by friends desirous of manifesting their appreciation of their friend and pastor, greeted the eye. Seventy persons sat down together, and the time passed swiftly away until 11 p. m., when the company separated for the night.

APPROPRIATED A RIG.

Reckless Persons Borrow Mrs. Mitchell's Rig Without Her Permission.

Mrs. Eugene Mitchell of the town of Harmony, drove to down yesterday afternoon about 7 o'clock and hitched her horse on Milwaukee street near Franklin. About an hour afterwards pedestrians saw a young man and two women get into a wagon and drive away. From 3 o'clock yesterday afternoon, till 9 o'clock last evening Mrs. Mitchell and friends looked in vain for the rig, which finally turned up at a late hour, being found hitened near the spot where it was taken from. The guilty parties escaped.

THREATENED WITH FLAMES

Narrow Escape Of the Myers Opera House From Destruction.

Little did the vast audience at the Myers opera house last evening realize the fact that at about 11 o'clock their lives were in great danger. In the Ercanbrack meat market which adjoins the main entrance on the east fire was discovered at 11 o'clock, flames issuing from the large desk. Charles I. Sloan, who happened in, advised them not to turn in an alarm, and thus what might have been a terrible panic was averted. The flames were quickly quenched with nominal loss.

Mice nibbling on matches caused the conflagration.

For Municipal Ownership.

Des Moines, Iowa, March 5.—The Republican city convention nominated the following ticket on a municipal ownership platform: Mayor, John MacVicar; solicitor, J. E. Mershon; auditor, B. O. Hanger; treasurer, A. B. Elliott; assessor, F. A. French; park commissioner, Sidney A. Foster; aldermen, James Olmsted, John Leveridge, John McKay, J. P. Patrick, V. G. Work, J. G. Beck, H. H. Beckman, J. F. Johnson and John Stewart.

HE IS ACCUSED OF SHARP PRACTICE

ANDREW S. HOAG MADE DEFENDANT IN DAMAGE SUIT.

Alleged To Have Deceived the Purchaser of a Farm in Johnstown—The Latter Thought He Was Paying for Forty Acres More Than He Received.

When Andrew S. Hoag, of Mount Zion, used his influence as a real estate agent to bring about a trade of the J. H. Haviland and James Fanning farm in this county last September, little did he think that he would be sued on the ground that he practiced fraud and deceit in bringing about the transaction.

James Fanning is the plaintiff in an action that will come before the Rock county circuit court at the April term, and at which Andrew S. Hoag will appear as defendant.

Allegations in the Complaint.

According to the summons, which has already been served in the case, the defendant is charged with having made the deal by false representations and fraud. In June, 1896, the demise of J. H. Haviland took place in this city, and among the property he left to his wife and son was a farm near Johnstown that was valued at \$6,000. James Fanning, a well known farmer of the town of La Prairie, is also the owner of a valuable piece of land on the prairie that he has for years past prided himself on owning. Last September Mr. Hoag, who is a real estate dealer, and who is also agent for Mrs. Haviland, made a proposition to Mr. Fanning about a trade of farms; Mr. Fanning to trade his place for the Haviland farm in Johnstown, which deal was soon brought about by the payment of additional cash. According to the complaint Mr. Hoag took Mr. Fanning to the Haviland farm in Johnstown and showed him 40 acres of land which he said was included in the deal. When the papers in the case were recorded Mr. Fanning alleges that he found out for the first time that the 40 acres were not a part, nor were they ever recorded in his deed of the Haviland farm. The enraged man lost no time in consulting Attorney J. J. Cunningham, which has resulted in the bringing of the above suit. The plaintiff alleges that he is out about \$1,200 by the deal for the reason that he paid for forty acres of land he never received.

OWNERSHIP OF WATERWORKS

Oshkosh Proposes to Secure Possession of Its Plant.

On the same lines that the citizens of Janesville tried a few years ago, the citizens of Oshkosh are now endeavoring to induce the city to purchase the water works plant which is mainly controlled by Mr. Maxcy, who is also interested in the Janesville company. The Oshkosh Northwestern says: The water works question will come up for extended discussion by the citizens of Oshkosh now that April 12, the time when the people are to vote on the matter, is drawing near. The public is yet to become acquainted with many facts concerning the water works problem. Without a doubt there will be more general discussion on the subject than there was on the funding question. There are few citizens indeed who do not have an opinion as to whether the city should or should not purchase the water plant at present owned by a private corporation.

Rockford and Janesville Are Working Together in Harmony

A committee from the Rockford camp of Modern Woodmen will soon pay the local camp a visit so that all necessary arrangements may be completed in time, before the Janesville camp visits the Forest city at the annual picnic in June.

The Janesville camp will be given the best the Rockford camp can provide. At a recent meeting in Rockford a list of committees necessary to arrange for the picnic was made out and after every detail had been provided for it was found that there would be fifteen committees.

WANT A PHYSICAL DIRECTOR

L. N. Lawson May Come to the Local Y. M. C. A.

L. N. Lawson, physical director and secretary of the Y. M. C. A. at Ashland, may be the next physical director of the Janesville association.

A physical director is soon to be engaged, and correspondence is now being carried on with Mr. Lawson. As a man well posted in the business of athletic training there is no one who is higher recommended than he, and the local association would make no mistake in enjoying his services. He has been in the work since he was a mere boy, and for several years had charge of the work at Racine.

Funeral of the Late J. W. Millard This Morning

The funeral of the late J. W. Millard took place this morning at 9:30 o'clock from the home of R. P. Kay, Rev. Mr. Denison officiating. There was a large attendance of friends of the deceased, among whom were four brothers, W. M., Charles, Frank and Ora Millard, and Leroy Holloway and R. P. Kay, brothers-in-law. A quartette consisting of William Jeffris, Frank Lewis, Mrs. William Jeffris and Miss Bertha Sayles furnished the music for the occasion. The remains were interred in Grove cemetery in the town of Center.

EXAMINE THEM.

The "Coffee-Never-Hurt-Me" People.

Some famous brain workers have made a welcome discovery along the line of recovery of health by the proper selection of food. Several were of the "Coffee-never-hurt-me" kind, but, as an experiment, tried leaving it off ten days, and the use of Postum Cereal Food coffee in its place. A definite and decided improvement in health is practically certain to attend such a change.

Look carefully into the state of health of the individual who knows that "coffee don't hurt me," and you are almost sure to find some form of physical ail or functional disturbance—perhaps muddy complexion, or weak eyes, incipient heart failure, kidney trouble, liver or bowel disorders, or some form of warfare that shows plainly enough by the cry for relief sent up from some organ of the body.

Why does the dismissal of coffee and the use of Postum bring help? Experiments in artificial digestion clearly to the scientific investigator that coffee arrests digestion, and according to one authority, allows only 61 per cent of the food to be digested. That strikes at the very keystone to the arch of health. Failure in digestion means lack of good blood, and therefore a lack of food for the nerve centers. As the nerves control the organs of the entire body, one can readily understand that a disorganized nervous system may show effect in any part of the body. Therefore, a removal of the cause will allow nature to right itself. A powerful assistant to nature is Postum Cereal Food coffee, composed of the albumen, phosphates, gluten, etc., from which nature builds in the delicate tissues of the nerves.

Postum aids digestion without drugging, and furnishes a concentrated liquid food as well as a most delicious morning Coffee.

If the reader has ever failed to make Postum satisfactorily, it will be found that, to allow it to boil fifteen minutes after boiling commences, will solve the problem, as it must be so boiled to extract taste, color and food value. It is the only original Food coffee with a pleasant coffee flavor. Many imitations of Postum are now upon the market. The only palatable ones thus far tested prove to be made of a low grade of coffee, and some other articles, notwithstanding the loud claims that they are "pure."

CHICAGO CROOKS IN JANESVILLE

MINNIE DALEY, A NOTORIOUS THIEF, IS HERE.

She Came in Response to a Telegram From a Male Pal—Has Been Arrested Scores of Times for Shop-Lifting and Various Other Crimes.

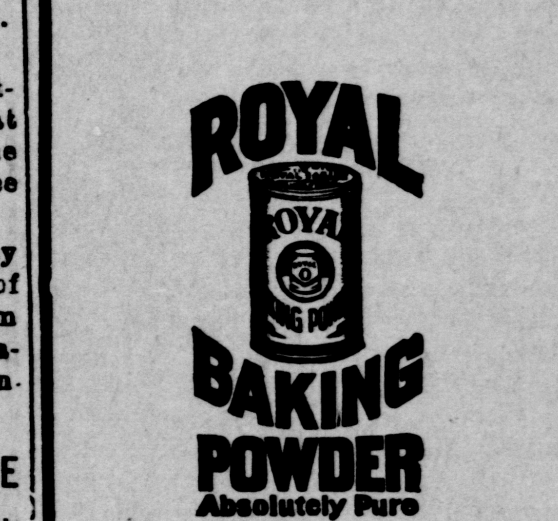

Minnie Daley, of Chicago, who has the distinction of being one of the best all-around shop lifters and crooks in this country, was in Janesville last evening. There is no telling whether she was here today or not, but in case she was, local store keepers will do well to take an inventory of their stocks.

She came to Janesville at the request of a telegram which was sent yesterday by a strange man who prides himself on the fact that he is a living arsenal. He showed the boys in a local store several guns and knives he had stored about him in a cell that encircled his barrel-like form. The nature of their business here is not known but may be easily surmised.

Minnie has been under arrest by the police of Chicago scores of times on accusations of robbery, but has almost invariably escaped punishment through the influence of moneyed friends. She spent one short term in the penitentiary, but by some mysterious means, secured a pardon and was back at her old trade within two months afterwards.

MUCH DEPENDS UPON DIVERS.

Admiral Seward Telegraphs Secretary Long to That Effect—Evidence That the Mine Was Placed in Havana Harbor by Spanish Officials.

Washington, March 5.—The fact has developed through telegraphic correspondence between Secretary Long and Admiral Seward that the court of inquiry is unable to fix even an approximate date for the conclusion of the investigation into the disaster to the Maine.

Sharing the general anxiety for some information on this point, Secretary Long, at the instance of the cabinet, sent a telegram to Admiral Seward asking him when it was probable that the report of the court would be made, and the following reply was received:

"Key West, Fla., March 4.—Secretary of the Navy: Have talked with the president of the court of inquiry, and agree with him that it is not yet possible to fix date for the finding, as so much depends upon the progress of the divers and wreckers and the results they obtain. Every effort is being made to advance the inquiry. The court returns to Havana by the Mangrove this evening, having about finished the investigation at Key West.

"SICARD."

Admiral Seward's message is regarded officially as disposing of the reports that the court has obtained positive or conclusive information bearing upon the object of its investigation. It is taken to mean that upon the testimony or discoveries of the divers will depend the finding, the examination of the officers and crew of the ship having been insufficient to enable the court even to form an idea as to what lines may be opened up from the investigation of the wreck itself.

It is stated that the board in all probability will not return to Key West, the department having intimated that it was its desire that the examination of the officers and men should be concluded at this sitting, as they are needed for reassignment to ships.

Matters were very quiet, at least externally, in the war department Friday. There was a strong indisposition to discuss the proposition to resume possession of Dry Tortugas, but the officials did not hesitate to declare that only normal movements were going on.

It is probable that the Olympia, flagship of the Asiatic squadron, will come home to San Francisco. The Olympia is a protected cruiser of extraordinary speed and endurance, with a battery strong enough to overpower almost anything short of a battleship and speed enough to run away from that or anything else she does not care to fight.

Chairman Hull believes when the bill adding two companies of artillery to the army comes up in the house next week it will command a large majority. The Democratic opposition to the measure, which at one time promised to reach formidable proportions, is rapidly disappearing. Mr. Bailey, the Democratic leader who was believed to be hostile to the bill at one time, has withdrawn active opposition to it. He is bitterly opposed to an increase of the standing army in time of peace, but he believes that with the threat of war hanging over the country it is the duty of congress to make every provision necessary to vindicate the honor and uphold the dignity of the country. He probably will make a speech setting forth his position and will then vote for the bill.

MINE WAS OFFICIALLY PLACED.

But It Is Suggested That Spain Might Not Have Ordered Explosion.

New York, March 5.—A Havana correspondent who is in a position to obtain facts wires the following:

"It is the generally accepted belief in this city that the court of inquiry will not charge the Spanish government with complicity in the destruction of the Maine.

"It is even possible that the court may go so far as to say it is the members' conviction that the government was not a party to the disaster by having either directly or indirectly ordered the explosion of the mine at the particular moment when it was fired. Probably the question as to who did it will not be settled by the court.

"As to the main cause of the explosion, the firing of a submerged mine, there appears to be little doubt, but to connect one person or set of individuals with the deed is a much more difficult matter. The members of the court, it is understood, as well as other naval officers, show great reluctance to believe that the Spanish government knowingly ordered the destruction of the Maine.

"In view of all the circumstances dependent upon the report, it is regarded as extremely likely that the court, while making a positive finding as to the cause of the explosion, will refrain from expressing any opinion as to the responsibility of the Spanish authorities."

"Further inquiry as to whether a mine could have been placed in the harbor without the knowledge of the authorities shows that such a thing is almost an impossibility.

Concentrating Our Warships.

Washington, March 5.—It is now obvious that the orders telegraphed to the commandant-in-chief of the Asiatic naval station, Rear Admiral George Dewey, since the Maine disaster in connection with similar instructions issued to the commandant-in-chief of the European station and the senior officers on the South Atlantic station, provided for the concentration of United States warships in Asiatic waters at Hong Kong. The purpose of this concentration is that a strong squadron may make offensive movement against the Philippine islands.

Contractors Urged to Hurry.

Port Townsend, Wash., March 5.—It is reported here that both contractors now building fortifications for the government at Marrowstone Point and Admiralty Head have been offered bonuses to expedite the work.

Populists Favor Pingree.

Grand Rapids, Mich., March 5.—The middle-of-the-road and fusion state central committees of the Populist party will meet in conference in Lansing next Thursday to arrange a reconciliation and reunion of the party. The conference will issue a call for a state convention, to be held probably in May, to nominate a straight Populist ticket, adopt a state platform, and elect a new state central committee. The Populists are very much in favor of nominating Governor Pingree for the head of their ticket.

De Lome Letter Was Stolen.

Madrid, March 5.—It is known here that the letter criticizing President McKinley written by Senor Dupuy de Lome to Senor Canalejas, which led to De Lome's resignation of his position as Spanish minister to the United States, was stolen in the Havana post-office by a postal employe.

Denied by the Armstrongs.

New York, March 5.—The World publishes cablegrams from the Armstrongs' manager and its correspondent at Newcastle-on-Tyne, denying that Spain has purchased warships building on the Clyde. These assertions are headed by a dispatch to the same effect from the World's Madrid correspondent, sent via Bayonne, France, to avoid the Spanish censor.

Must Be Ready for Service.

Bethlehem, Pa., March 5.—The army and navy officers now representing the United States government at the Bethlehem Iron Company's ordnance works here have received orders from headquarters to be ready for service on twelve hours' notice. Work on the government contracts at the works is being pushed as rapidly as possible.

Confession by Defender.

Winona, Minn., March 5.—The confession made by the Indian Defender before his death has leaked out, and it admits the Spicer murder in the manner substantially as related by the Indians who were lynched. Defender said Black Hawk, of all those concerned in the crime, most deserved to be hanged. Black Hawk lives on the reservation at Standing Rock, and is the only survivor of the five murderers.

Another Uprising Planned.

Hong Kong, March 5.—It is said that the chiefs who were recently exiled from the Philippine islands for their participation in the insurrection there, and who are now here, have received a letter from Manila soliciting their support of another uprising against the Spanish government.

Revolution Story Denied.

Washington, March 5.—The Venezuelan legation has received the following cablegram:

"Caracas (via Haiti), March 4.—Venezuelan Minister, Washington: The uprising of no importance at all. The government is supported by the whole country."

U. S. Grant for Senator.

San Diego, Cal., March 5.—At a meeting of prominent Republicans steps were taken to promote the candidacy of U. S. Grant for the United States senate from California.

It is impossible to verify the rumors in connection with Spain's transactions in London, but it is said, on the very best authority, that her agents have concluded negotiations for a loan of \$40,000,000. The Rothschilds are said to have furnished this amount, but the Rothschilds agents deny it.

REV. T. DE WITT TALMAGE,

The Most Eminent Preacher in the World Recommends Dr. Greene's Nervura.

Rev. Dr. Talmage Finds Help in the Use of Dr. Greene's Nervura and His Commendation of this Grand Remedy Will Influence and Encourage the Weak, Sick and Suffering to Use It and Be Cured.

REV. T. DE WITT TALMAGE.

Rev. T. DeWitt Talmage, undoubtedly the greatest living divine, occupies in the hearts and minds of the people a position of pre-eminent esteem and regard. No other preacher is so widely known, no other clergyman is so distinguished throughout the world. A great orator and writer, his sermons have the widest dissemination, until there is scarcely a family where his name and works are not known.

When such a man, a recognized leader in the church of the people, testifies by his written testimonial that Dr. Greene's Nervura blood and nerve remedy has helped him and that he recommends its use for invigoration after over-work, to restore the strength, energy, nerve force and vitality of the system, when for any reason they are lost, weakened or impaired, those who are sick and suffering, who are weak, nervous, without strength, energy and ambition, who are discouraged and disheartened by repeated failures to be cured, in fact all who have need of a strength-giving and health restoring medicine, can take renewed hope from the words of this great preacher, that Dr. Greene's Nervura is the one remedy among all others to give them back the health and strength they have lost.

Rev. Dr. Talmage says: "1400 Mass. Ave., Washington, D.C. I commend Dr. Greene's Nervura blood and nerve remedy for invigoration after over-work. I have used the Nervura for that purpose."

Hope of cure should not be lost while Dr. Greene's Nervura remains untried; no one should be discouraged or despair of a cure who has not yet sought in this wonderful remedy relief from the pain of rheumatism and neuralgia; restoration from nerve-weakness and nervous prostration.

To the despondent and discouraged it is the hope of renewed life, a new world, as it were, from which pain, suffering and despair are banished; to the weak, tired and prostrate it is a tower of strength; to the nervous, sleepless, irritable, brain-weary and nerve-racked, it gives natural, refreshing sleep and strong and steady nerves; to the low-spirited sufferers from nervous prostration and female complaints it is the entrance upon a new existence of robust happiness; indeed, the sick and suffering will find in Dr. Greene's Nervura a veritable fountain of health.

Dr. Greene's Nervura is a physician's prescription, the remedy of physicians for the cure of the people. Use it if you have need of a health and strength-giving medicine, and consult Dr. Greene, if you desire, which may be done without charge, either personally at his office, 148 State St., Chicago, Ill., or by letter.

Above all do not be persuaded to accept some substitute which the dealer claims is "just as good," on which he makes a little more profit. There is no other remedy in the world of anything like the value, power and efficacy of Dr. Greene's Nervura in restoring health and strength. Insist on having Dr. Greene's Nervura blood and nerve remedy, and accept no other.

OLD QUESTION BROUGHT UP.

Proposition to Bring About a Settlement of the Fisheries Dispute—Pension and Consular Appropriation Bills Sent to the President.

Washington, March 5.—After a debate lasting several days the senate late Friday afternoon passed the bill extending the homestead laws and providing for right of way for railroads in Alaska.

Section 13, providing for certain bonding concessions to Canada in lieu of privileges to be extended by the dominion government to this country, induced a pretty lively debate, as it brought into the controversy the old fisheries question on the New England coast, which has been pending between the United States and Great Britain for 100 years. The statement was made on the floor of the senate that there was every reason to believe that by the passage of the bill the fisheries question could be settled without great effort, as assurances to that effect had been received from a large and influential element in Canada.

Mr. Sewell (N. J.) offered the following proviso to section 3, which was adopted: "That where the space for the construction of a railroad is limited the United States District court shall require the road first constructed to allow any other railway or tramway to pass over its track or tracks through such canyon, pass or defile on such equitable basis as the said court may prescribe, and all shippers shall be entitled to equal accommodation as to the movement of their freight and without discrimination in favor of any person or corporation."

The last paragraph of section 6, reserving the right to the government to purchase or take by proceedings of condemnation any railroad, tramway or wagon road at its actual cash value, being in line of government ownership of railroads, was stricken out by a year and nay vote, 48 to 7.

APPROPRIATION BILLS PASS.

The Pension and Consular Measures Sent to the President.

Washington, March 5.—Two more appropriation bills were sent to the President Friday, the pension bill and the consular and diplomatic bill. The most important action taken in the house was acquiescence in an agreement to make the bill appropriating about \$1,200,000 for war claims, approved by the court of claims under the provisions of the Bowman act, a special order for next Friday. The claims carried by the bill, 730 in number, are for stores and supplies seized during the war in the Southern states.

During the debate on a minor relief bill Mr. Hardy (Dem., Del.) was attempting to contrast the promises made by President McKinley in his inaugural a year ago to-day with their fulfillment, when he was called to order for not speaking to the question before the committee. Mr. Payne sustained the point of order, and an appeal was taken. An interesting parliamentary discussion followed, in which the effect of a recent ruling of Speaker Reed on this subject and its effect on debate in the house was contested. The enforcement of the rule against irrelevant debate in the house and in committee of the whole, said Mr. Dingley, was necessary to correct a growing evil and to expedite the public business. The appeal vote was a tie, and Mr. Payne voted "yes."

Government Swells Rewards.

Washington, March 5.—The cabinet Friday discussed the report from the special agent of the postoffice department on the killing of Baker, the negro postmaster at Lake City, S. C. In view of the peculiar circumstances connected with the murder and the enormity of the crime, it was decided to increase the government's reward to \$1,500 in each case. Every effort will be made by the federal authorities to bring the guilty parties to justice.

Bill for Relief Agreed To.

Washington, March 5.—The house committee on naval affairs agreed on the Boutelle bill for the relief of the victims and survivors of the Maine disaster, and authorized the chairman to report it to the house with a recommendation for its passage.

Karl's Clover Root Tea is a pleasant laxative. Regulates the bowels, purifies the blood. Clears the complexion. Easy to make and pleasant to take. 25 cents. People's Drug Co.

GIVE THE CHILDREN A DRINK called Grain-O. It is a delicious, appetizing, nourishing food drink to take the place of coffee. Sold by all grocers and liked by all who have used it because when properly prepared it tastes like the finest coffee but is free from all injurious properties. Grain-O aids digestion and strengthens the nerves. It is not a stimulant but a health builder, and children, as well as adults, can drink it with great benefit. Costs about 1/4 as much as coffee. 15 and 25c.

Her Boy was Dying.

How a child was brought back from the brink of the grave to enjoy a healthy, happy childhood. One mother's advice for parents concerning the health of their children.

The boy about whom this strange, true story is told wasted away till he seemed nothing but skin and bones. Then his health turned and he became fat and hearty.

The first stage is familiar to many parents. The second is of deep interest to all parents or friends of ailing little ones.

Fathers and mothers, who long to have their children healthy and happy cannot fail to sympathize and rejoice with Mr. and Mrs. John F. Williams.

Their comfortable home, a short distance from Damon, Ill., is happy now because of the wonderful events that are told in words eloquent with simple truth and gratitude, by the mother of the boy.

"Our Josie was never strong," said Mrs. Williams. "From his birth he was weak and puny."

"Two years ago, when he was two years old, he had an attack of lung fever. Dr. N. A. Jones cured this fever, but the child did not recover strength."

"He began fading away beneath our eyes. He had no appetite, vomited a great deal, coughed continually, his limbs became withered."

"He became painfully weak and emaciated. We waited for his death."

"At this time a boarder named Asa Robinson suggested that Dr. Williams' Pink Pills for Pale People would do the child good."

"They had cured Mr. Robinson of rheumatism and he believed in them."

"My husband bought three boxes of the pills. We began giving Josie one-third of a pill three times a day."

"In three days the child was brighter. His appetite was better. He began to show interest in toys and was less fretful."

"We increased the dose, giving him half a pill at a time. He gained every day in weight and appetite."

"At the end of this treatment, after taking three boxes, he was a new boy."

"He was happy, hearty, enjoying life with his little companions."

"I have no doubt that Dr. Williams' Pink Pills for Pale People saved him from an early grave."

Mrs. Williams made affidavit to the truth of her statement before David Crisp, a Notary Public.

Dr. A. A. McCabe examined the child and made oath before Notary Mort Brooks, that he is now physically sound and well.

The evidence is completed by Dr. N. A. Jones, who made affidavit before Notary George Rupp, that the child had been in the condition described by Mrs. Williams, as the result of catarrhal pneumonia.

The action of Dr. Williams' Pink Pills for Pale People on the blood and nervous system, in eliminating poisons and furnishing materials for new tissues, makes them a sure remedy for wasting diseases and the long train of evils arising from disordered blood and nerves. All druggists sell the pills; one box for 50 cents; six boxes for \$2.50.
